Aldébaran, Tome 3 : The creature Leo

Mark and Kim, who have lost the rest of the group, are left with the wounded Ling-Li. Luckily, Alexa quickly meets up with them, and they're on their way to the sea again. But when the governor and Father Loomis catch up with them, they take them straight to the mantris. In "The Betelgeuse Planet", the second cycle takes the theme of the colonisation of space further than most sci-fi comics by looking at its ecological aspect. Leilah Nakad studies the Lums, and cute animals living on the planet Betelgeuse. Seven years earlier, she led a 3,000-strong group who was to settle on Betelgeuse. But the spaceship is still flying around, lost in space. Driss and Alexa investigate.

Présentation de l'éditeur

"The Worlds of Aldebaran" is undoubtedly one of the most captivating science-fiction series of recent years. The author tells of humanity's first attempts to colonise distant planets. Kim, who faces many an adventure and challenge, begins her trek on the Aldebaran planet, then on the Betelgeuse planet. She'll come across strange creatures, confront dangers from unknown worlds and witness the damages caused by mankind's insanity. Biographie de l'auteur

Leo was born in Brazil in 1944 and earned an engineering degree there in 1968. A member of the Leftist student movement, he fled his country in 1971 to escape from the military dictatorship. By 1974, he was back in Brazil, where he decided to devote himself to drawing. A few years later, Leo discovered European graphic novels and chose to settle in France where he made a name for himself. In 1993, he launched his own series: Aldebaran's Worlds, one of the most fantastic sagas ever written by man.
