La espada de cristal: Arrodillarse o sangrar From Gran Travesía

The second installment of the thrilling Red Queen trilogy escalates the struggle between the growing rebel army and the blood-segregated world they've always known. Mare Barrow's blood is red--the color of common folk--but her Silver ability has turned her into a weapon that the royal court tries to control. The crown calls her an impossibility, a fake, but as she makes her escape from Maven, the prince who betrayed her, Mare uncovers something startling: she is not the only one of her kind. Pursued by Maven, Mare sets out to find and recruit other Red-and-Silver fighters to join in the struggle against her oppressors. Mare finds herself on a deadly path, at risk of becoming exactly the kind of monster she is trying to defeat. Will she shatter under the weight of the lives that are the cost of rebellion?
